Leavening Community Sport

July 2022

Community Fund

Funds from the Preston Hill development are available to the local community to spend on making improvements to outdoor community space. We are proposing to apply for a grant to fund the installation of recreational sheltered seating at the north end of the MUGA

Who is it for?

The sheltered seating is for use by everybody when enjoying recreational activities on the field and MUGA.

How can you help?

To apply for funding, we need support from the local community. If you support the idea of sheltered seating for the benefit of the community to encourage the use of the MUGA, please sign our survey form.

Example of sheltered seating
